CHICAGO FIRM MAY DECIDE TO BUILD MODERN HOTEL IN EL PASO SOON

Men Interested in St. Anthony, of San Antonio, to Visit City—Chamber Directors Meet.

When W. E. Anderson visited San Antonio recently he met some big hotel people of the Alamo city. Naturally, the El Pasoan talked hotel from an El Paso point of view.

But Mr. Anderson did not have to talk very hard. It was assured that Swearingen & Son, who built and manage the new St. Anthony hotel, already have their eyes on El Paso and Houston. A member of the Chicago firm soon will visit El Paso with a view of erecting a large hotel here.

To Entertain Hotel Men.
At a meeting of the chamber of commerce board of directors last night, Mr. Anderson told about it and everybody seemed very pleased. Hotel talk held the conversation for a long time. Burt Orndorff addressed the meeting. He told about the railroad of New York and Baltimore hotel men who will pass through the city April 9 and 10 on the way to the Los Angeles convention. He suggested that the chamber of commerce become busy to entertain the visitors.

"Hotel men can do a city more good than almost anybody," said Mr. Orndorff, and everybody seemed to agree. Also it was suggested that some of the "biggest" visitors might be interested

Tomorrow Promises to See World's Record Broken At Cowboy Park

Judging from the results of the roping contests at Cowboy Park, Juarez, this afternoon, tomorrow may see the world's record broken. The El Paso public will be given the greatest treat ever known in steer roping, bronco busting and steer riding.

The management has secured a carload of the wildest and swiftest steers ever taken off a range and they sure have speed. Great, big wide horns, long, lean, lank bodies, built for speed and steers that have never before been caught by man, born on the great range of one of the largest ranches of old Mexico and secured especially for these contests.

And for real fun and enjoyment come and see some of the boasting boys who claim they can bust the worst outlawed bronco ever born.

We have the real broncos, some nice gentle fellows, which want and invite in a nice respectable way those inno-

MINER TRIES TO END LIFE

Bisbee Man Learns of the Wedding of His Sweet-heart and Rival.

Bisbee, Ariz., March 26.—James Hoot, a young miner, attempted to commit suicide by taking poison, according to authorities, when he learned that his sweetheart in Greensburg, Pa., had married a rival. He was soon out of danger, but is still despondent and refuses to go back to work.

A bold attempt at burglary took place at a grocery store recently opened. While a man kept the proprietor engaged, a confederate of his succeeded in getting out of the showcase five boxes of cigars. A barber, who, from his shop, was watching the maneuvers began to yell for the police, but before any officer was on the ground the burglars ran away and so far they have not been arrested.

Whether Kansas or Missouri is the better state, was the argument which caused a quarrel and nearly caused the killing of a man. Because his sunny Missouri had been underestimated by F. Mahon, of Kansas, J. Lewis resorted to his fists, sending Mahon headlong across the street while a street car was going at full speed. Fortunately the car was stopped in time to prevent a terrible accident. Mahon fainted when he saw the car coming upon him.

At a meeting of the city council the members took up the fire department question which has troubled Bisbee for a time and even threatened a strike of firemen. A decision was taken to make the paid fire department a reality and to disburse with the services of chief Richard Davis, B. W. Norton, at present deputy sheriff, has been appointed chief of the department.

P. W. Dent, examiner of titles for the reclamation bureau, has returned after a visit with relatives at his former home in Tennessee.

SAME CONTESTANTS ARE STILL LEADING IN TODAY'S VOTING LIST

Contestants in All Districts Are Advised to Keep as Near The Top of the List as Possible—Aggressive Candidates Always Receive the Most Hearty Support.

The standing of contestants today is remarkable for the showing which is being made by new contestants and contestants who have only had nominating votes heretofore. The contest is just started and no contestant has as yet enough votes to give them a decided advantage at the finish. Miss Goldie Blumenthal at Douglas has only been in the contest a week, but her vote has already reached over 35,000. Today is the first appearance of George W. Acres at Torreon, Mexico, and he has 15,500 to his credit. Several new contestants have entered from district No. 2, where there are some of the best towns in the territory. District No. 3 has not done much this time, but letters from contestants there promise a good showing next time the list is published.

H. M. Walker, of Morenci, still holds the lead with an even larger margin than he had last time the vote was published. He is working every day and his vote shows the value of constant hustling. The order of standing of the leaders is not materially changed today. Mr. Mullineux, of Madera, holding second place, and Mrs. Townsend, of Alpine, third.

Keep Your Name at the Top.
The list of votes is now being published regularly twice a week and all candidates are requested to send in their reports every day. In this way you will show a regular increase in your votes and your friends will know that you are out hustling to win. Try to either keep ahead or to keep your standing as near as possible to that of the leaders. You cannot drag behind and then expect your friends to come to your assistance at the last minute. If you continue to keep your vote low they will think you are not making the proper effort and will give their support to some more aggressive contestant. Demonstrate to them that you are out to win and they will come to your aid and make you a winner.

Each Contestant Can Win.
While it is not possible for every contestant to win one of the grand prizes, The Herald is offering a special prize which can be won by each and every working contestant in all the districts. To encourage early effort on the part of all candidates in the Popular Voting Contest The Herald will keep sent in by each contestant and as soon as six have been received will present to the fortunate contestant either an eight volume set of Masterpieces of the World's Literature, or a ten volume set of the works of Rudyard Kipling. Just think of it—you only have to get six people to take The Herald for one year and you get absolutely free your choice of a 10 volume set of Kipling or an eight volume set of Masterpieces. Or

we will send both sets to any contestant for the first 19 new yearly subscriptions sent in.
Note—Special prize offers do not affect in any way the awarding of the regular prizes. No one is barred from winning a regular prize on account of having received a special prize.

SHRINERS WILL HAVE NO PARADE

Merely Begin the Initiation With Good Advice to The Novices.

For the first time in many, many moons, since first the Shriners of the El Paso valley have been accustomed to cross the hot sands, there will be no caravan preceding them today. It has been decided not to hold any parade this year.

Twenty applicants for the Shrine were approved at a business meeting held Friday night and this evening they will cross the sands of El Malpais temple.

The program, which is printed in red and black on yellow paper, shows a stork bringing a novice to El Malpais temple, on the inside cover, while the front cover is properly decorated with a novice held over a roaring pit, suspended by a rope, while a large pair of shears threaten to cut the rope. On the reverse cover is shown another prospective Shriner shooting out from a bottle of extra dry on his way to the moon, which is pictured as a member of the temple.

"Dear Nobles: May you live as long as you want and never want as long as you live," is the inscription on this cover, while other good advice is contained in the folder as follows: It is well to keep in mind that your

dress suit won't be needed the night of March 26—also, asbestos wearing apparel of any kind is strictly barred. We promise you that all your wants will be ministered to on the night of the 26th in a kindly way and boisterous spirit, that you will never forget. You are assured that no noble will think of hurting you—they will do that without thinking. You should disabuse your mind in advance that it is the Aurora Borealis that you are seeing. This can be seen only in the polar regions. Former novices have profited by the advice—to show speed when spoken to. Keep your temper—no one else wants it. Don't ask for anything—everything

will be handed you. Smile if you feel like it, but don't make a loud noise. Don't say when you will be home—you don't know, and we don't care.

Frank C. Houston, of Detroit, and Frank Ford, of Battle Creek, Mich., have left for their homes. They were in El Paso for several days attending to business affairs.

Drops Dead at Grave.
Pittsburg, Pa., March 26.—While standing at the grave during the funeral of his son, Louis Zeller, aged 42, civil war veteran and Indian scout with Col. W. F. Cody, dropped dead, the body partly reclining in the open grave.
